Purpose

Effective Date

WOWDB EC Approved 05.09.2024

***This document shall supersede and replace all prior versions and understandings, oral or written, of the Demand Occupations Policy.**

NOTE: All WOWDB Policies and attachments are available for download at:

Policy

The authority to make this determination is explicitly stated in Section 3(23)(B) of WIOA as, the determination of whether an industry sector or occupation is in demand shall be made by WOWDB using State and regional business and labor market projections, including the use of labor market information.

The Western Oklahoma Workforce Development Area (WOWDA) encompasses a 25-county region in Western Oklahoma including:

- | | | | |
|-----------------|-----------------|--------------------|-----------------|
| Alfalfa | Ellis | Kay | Texas |
| Beaver | Garfield | Kingfisher | Washita |
| Beckham | Grant | Kiowa | Woods |
| Blaine | Greer | Major | Woodward |
| Cimarron | Harmon | Noble | |
| Custer | Harper | Payne | |
| Dewey | Jackson | Roger Mills | |

Demand occupations have been determined based on job opening data collected using the following resources:

- Oklahoma Employment Security Commission (OESC),
- Oklahoma Office of Workforce Development (OOWD) Workforce Area Briefing,
- Other data collecting tools such as Economic Modeling Specialists, Inc. (EMSI),
- And by incorporating employment trend data and review of current WIOA approved Eligible Training Providers.

In addition to the specific skills needed for each position, local employers and the workforce development board have determined that job readiness and other “soft skills training” will be necessary

in order to reduce employee turnover and associated training costs. Job readiness and other soft skills training, regardless of the necessity, are not approved occupations/skills trainings for development of an Individual Training Account. These skills must be attained via a Western Oklahoma Works Center or other appropriate partner.

The WOWDB has chosen to approve occupational codes/job families within the targeted industry clusters as identified by OESC, OOWD, WOWDB and EMSI. Job families are groups of occupations based upon work performed, skills, education, training and credentials, for example: 53-3032.00 Heavy and Tractor-Trailer Truck Drivers job family code is "53".

The following occupations are approved by the WOWDB:

- (11-) Management Occupations
- (13-) Business and Financial Operations Occupations
- (15-) Computer and Mathematical Occupations
